

Violet Flame Healing & Counseling *with*

SAINT GERMAIN

Part I: COUNSELING

Personal consultation, giving Saint Germain an idea of what needs attention and healing. Offering advice and taking notes, he will give you personal mantras and affirmations.

Part II: *LAYING-OF-HANDS* VIOLET FLAME HEALING

Saint Germain's two main gifts are miracles (gift of magnetism) and prophecy.

That is why he has offered holy counsel and sacred healing since 1993.

Saint Germain kneels at their side, calling on the Creator,

And the ascended cosmic twin-flames of King Alpha & Queen Omega,

From the white-fire-core of the Great Central Sun (The Source).

Also invoking the Violet Flame and other healing Cosmic Rays with specific Elohim, Archangels, Galactic Representatives, Ascended Masters and The World Mother.

With sacred intention, prayers and visualizations according to the recipient's needs,

There is a recrystallization at the cellular level that takes place,

And the transference of energies is complete, anchored and sustained.
