

## **Saint Germain's Violet Flame “Laying of Hands” Healing - Session Testimonials**

“Putting words to a session with an Ascended Master is challenging for it's a feeling that leaves one speechless. So if I had to put my words to my experience with Saint Germain, it would be, light work, I felt my body fill with light as he invoked the Legions of Light, the violet flame and other ascended masters. After the session(s) it was apparent that I could call upon the violet flame and it would fill my body instantly. The night before my most recent session I was hospitalized for a ruptured appendix, I called upon Saint Germain and my body was instantly filled with the violet flame. When the surgeons took a look at my CAT scan, he said something really rare and miraculous had taken place. My appendix had ruptured but instead of releasing life threatening substances into my peritoneal cavity, somehow my body had encapsulated the fluids... Thank you for your amazing work on this planet.”

- Noelle M. (Mt. Shasta, California U.S.)

“Saint Germain is Magic, Humble and Impassioned, He has a very sweet and open heart, he helps you heal, I feel he is supporting me fully, and I love his presence and prayers.”

- Annicka Kristoffersson (Skokloster, Sweden)

“I keep seeing flashes of violet regularly since I've been in contact with you... and again the music was very healing!!” “I have had seven sessions, two in person and five over the phone, and all have been different. The healing energy that comes through during sessions is working with me on many levels and also over time, together with the personal and other affirmations that I have received, and the spiritual protection and the use of the Violet Flame that you've introduced me to... this has guided me into a new direction which is closer to who I am, and it keeps doing it. I have had physical issues that we have focused on quite a lot during sessions and those have healed in a way that nothing else that I have tried before (which is a lot) and has been able to achieve in such a short time. That in itself is miraculous, but I have received much more than that. The experience of feeling the energy that comes through during sessions is magical and it stays with me a long time afterwards, which is a blessing. The energy both purifies me and at the same time makes me grounded and opens my heart.”

- Christina B. (Stockholm, Sweden)

“...thank you so much for being what you are and reminding me where I am going. I just loved being in your soothing energies and it was indeed a balsam to my heart and soul... I just wanted to say how much our meeting meant to me how deeply moved I was. You felt like a physical manifestation of love itself. Thank you for spreading that energy around the world.”

- Eva Maria (Stockholm, Sweden)

“In a private session, I experienced Violet Flame fill every cell and all negativity washed away. I was carried up to a state of oneness and a profound sense of God's love...
