

Morning Prayer

Beloved Mighty I AM Presence,
Take full command of every situation this day,
And magnify the love in me and all whom I meet.

I call forth Archangel Micheal,
The Violet Flame and The Tube of Light.
To rest over me, in me, and through me.
While my body is awake.

The light of God never fails,
And my beloved Mighty I AM Presence is that light.

I am love, wisdom and power,
Balanced in the Three-Fold Flame.

I am one in God forever.

I am the hand of God in action in me now,
So let it be anchored, sealed and sustained.

In the name of the Ascended Masters,
Amen (Aum)
