

Violet Flame Healing & Counsel
with

SAINTE GERMAIN

Master Healer of the Violet Flame * Spiritual Ambassador and Emissary

Part I: Counsel

With personal consultation, Saint Germain receives a clear idea of what needs attention and healing. Offering advice and taking notes, giving personal mantras and affirmations.

Part II: Laying-of-Hands Healing

Saint Germain's two main gifts are miracles (gift of magnetism) and prophecy.
That is why he has offered sacred counsel and healing since 1993.

Saint Germain kneels at your side, calling on the Creator,
And the great cosmic beings of Alpha & Omega,
From the white-fire-core of the Great Central Sun (Source).

Also invoking the Violet Flame and other healing Cosmic Rays with specific Elohim,
Archangels, Galactic Representatives, Ascended Masters and the World Mother.

With sacred intention, prayers and visualizations according to the recipient's needs,
There is a transmutation of any unneeded cellular memory that takes place,
to be requalified (repolarized) in the Great Central Sun.

And the transference of energies is completed with full anchoring and sustainment.

Part III: Sacred Heart Music

To seal and fully activate the healings, sacred heart songs are played by Saint Germain

The Violet Flame represents the love of
The Holy Father & Mother,
And Saint Germain contains what is termed,
A “Violet Heart” ~ of God's Love.
